

RJ 45 CAT. 5e WATERPROOF IP68

3160 SERIES. Keystone Jack Cat. 5e.

General Features

- Available in 8/8 circuits
- Accept standard plugs FCC-68
- Selective gold plating in contact area
- IP 68 waterproof connector
- PCB jack panel mounting

Electrical Features

- Voltage rating: < 125V
- Current rating: < 1.00 A
- Contact resistance: < 20 mΩ
- Dielectric withstanding Voltage: 300 V AC/minute
- Insulation resistance: >1000 MΩ

Materials

- Insulator: Thermoplastic UL 94V-0
- Contact: 0.35 x 0.45 mm. phosphor bronze
- Operating temperature: -25°C to +85°C
- Receptacle housing: thermoplastic UL94V-0
- Panel nut: Thermoplastic UL94V-0. Panel Gasket: Silicone
- RoHS compliant

Mechanical Features

- Durability: 1500 Cycles
